

## MILK DEPOTS TO BE ESTABLISHED

Associated Charities Plan Practical Relief Work for the Summer Season.

Announcement that more funds were needed to carry out the work of the charities, and a recommendation that the subscription committee begin work immediately was made at a meeting of the directors of the Associated Charities of the city, Tuesday night by secretary J. B. Gein. Already more than \$4000 of the proposed \$10,000 has been subscribed, and it is the plan of the directors to furnish the subscription committee with a list of merchants and prominent business men of the city whose names are not yet on the donation list, and who can be counted upon for subscriptions.

**Milk Depots.**  
Endorsement of the plan to maintain a milk supply station, for the purpose of furnishing certified milk to destitute families in the city was made by the directors and secretary Gein was ordered to proceed with the work. The depot will be opened about May 15, and extend for several months, in order that Mexican mothers of the city may have a chance to obtain fresh milk at a much reduced price. To those who have not the money, the milk will be given away.

**125 New Cases.**  
A total of 125 new cases during the month of March was reported by secretary Gein. Means were given to 120, and 474 unfortunate were given lodging. Of the men who applied for help 66 were Americans and 114 were Mexicans. Physicians were sent on 16 calls during the month, four persons were sent to the hospital, and five previous patients were returned to their homes.

The report of the visiting nurse is as follows: Total number of new cases, 55; continued from February, 10; number attending Dr. J. A. Hawkins clinic, 278; number attending Dr. McNeil clinic, 332; number of visits made to homes of adults, 55; visits to homes of children, 62.

## U. S. NAVY NOW HAS 54,011 MEN IN ENLISTED PERSONNEL

Washington, D. C., April 12.—More enlisted men are in active service in the navy now than ever before in the country's history. Secretary Daniels has announced that the personnel for the first time had reached the 54,000 mark.

"There are now 54,011 men in the enlisted personnel," said the secretary, "showing a net gain of 644 since March 4, 1915."

## OUR NAVAL POLICY'S PIECE MEAL

Japan Could Bluff Us Out of Enforcing Our Asiatic Exclusion Law.

Washington, D. C., April 12.—Lack of a logical method in the development of the American navy was deplored by rear admiral Bradley A. Fiske, U. S. N., in a paper on naval strategy, presented at today's session of the annual convention of the Navy League of the United States. The admiral did not appear in person, his paper being read by a delegate.

"In the elementary parts of the naval profession," said the paper, "we do very well. But of the higher branches, particularly of strategy, we have little clear conception. If we compare the strategic methods employed by Germany and us, we are forced to admit that the German methods are better adapted to produce economically a navy fitted to contend successfully in war against an enemy."

**German Naval Developments.**  
"In Germany the development of the navy has been strictly along the line of a method carefully devised before hand; in our country no logical method whatever is apparent."

Admiral Fiske pointed out that in this country Congress has been what vessels shall be built and how many officers and men shall wear uniforms. "It is true," he said, "that they consult the report of the secretary of the navy and ask the opinions of some naval officers, but the advice of these naval officers is not so valuable, possibly, as it might be, for the reason that it is really irresponsible, since the advisers themselves know that it will not be taken very seriously."

**Japan Could Bluff Us.**  
"If a Japanese fleet coming troop transports should appear off the coast of California or adjacent to Mexico, with the command that we abandon our Asiatic exclusion policy or fight, and the canal was blocked, I doubt not we should instantly abandon our exclusion policy," was the assertion of Henry A. Wise Wood of New York, formerly a member of the naval advisory board.

"It may be said that we have no foreign policy at this moment," said Mr. Wood. "For the destruction of our citizens while upon foreign merchant ships we offer no armed interference, nor do we offer armed interference when our citizens upon foreign soil are destroyed, their wives and children outraged, their property confiscated."

## \$5 EXCURSION TO THE BUTTE

Chamber of Commerce Arranging For Final Trip; A. P. Coles Endorsed.

By a unanimous decision, the board of directors of the chamber of commerce endorsed a resolution at a meeting Tuesday afternoon providing for an excursion to Elephant Butte dam on April 21, the anniversary of the United States' birth. The decision coming after the announcement of secretary A. W. Reeves of the traffic department that the Santa Fe railway is intending to take up the section of track connecting the main line with the big dam. It is the intention of the directors to run at least three excursions over the road before the track is taken up if possible, as this is going to occur during the early part of June.

**\$5 for Trip.**  
Including a lunch, an excursion rate of \$5 is to be fixed and it is expected that several hundred El Pasoans will avail themselves of an opportunity to see the dam, which will be completed within the next few weeks. The matter of setting the date for the initial excursion was hastened by the announcement that the small engines and other equipment used in the construction of the dam was to be removed to Yuma, Ariz., within a short time, where an immediate government project is now being planned.

**New Market.**  
Endorsement of the action of the council in approving the plans of R. M. Dudley for a municipal market were made on resolution of E. P. Kepley. Mr. Kepley stated that a tract of land had been secured on Broadway street, bounded by Davis and Durango, and which would make an excellent site for the market. An experienced engineer he stated would supervise the construction of the market building, which will be completed in about 40 days. A motion was carried that the chamber recommend to the Southwestern Portland Cement company that material be furnished for the market building at cost.

**Mequaters Honored.**  
Attention of the directors to the fact that A. McQuatters, a member of the chamber, had been appointed a member of the U. S. naval advisory board was called by John M. Wyatt. Mr. Wyatt stated that he thought that the directors should take recognition of the honor conferred on a member of the chamber, and a motion was carried that the chamber send a telegram to Washington Tuesday night.

**Resolutions of sorrow over the death of Felix Martinez, Alvar N. Brown and Dr. W. H. Pickles were read to the board by secretary Fraser and endorsed. It was ordered that a copy of the resolutions be sent to the families of each.**

**Rifle Club.**  
Erving Schmitt, J. W. Hayes, appeared before the directors to ask the moral support of the chamber for the proposed rifle club, now being formed in the city. According to Mr. Hayes, if the support of the chamber was obtained it would be an easy matter for the new club to be recognized by the American Rifle Association at Washington, and arms and ammunition for each member would be obtainable at cost.

**New Explosive.**  
At a meeting of the manufacturers' committee held earlier in the afternoon a resolution was passed providing for a demonstration of an explosive invented by Edward Charbonneau of San Francisco. According to Prof. Charbonneau, the explosive is much more powerful than dynamite, and it is his intention to establish a factory for its manufacture in El Paso. A committee consisting of O. J. Binford and Fred Weckerle was appointed to represent the committee at the demonstration.

## TWO WOMEN ARRESTED AT VENDOME AS VAGRANTS

Dorothy McClellan and Mabel Stanley, young women, were arrested by city detectives in a raid on the Vendome hotel, on East Ogden street, about 9 o'clock Tuesday night, and are being held in the city jail on charges of vagrancy.

One other woman arrested in the raid was released by the officers, on proving that she was occupying another room at the time of the raid.

## NEW MEXICO EXCHANGES 66 PRISONERS FOR 25 QUAIL

Santa Fe, N. M., April 12.—The men of the 11th of them have and 45 cocks. In a few days 24 more will be released. In exchange, the same warden has shipped to Independence, Mo., 25 quail trapped at Puerto de Luna by deputy warden Frank N. Page.

**SILVER CITY WOMAN TO READ EXAMINATION PAPERS**  
Santa Fe, N. M., April 12.—Supt. J. H. Dowling, of Gallup, Miss Sue Hutchinson of Las Vegas, and Miss Mary Oliver of Silver City, were appointed by the department of education to read the examination papers collected in this summer, which will be submitted by those taking examinations for teachers' certificates.

The ordinary cost of a Want Ad in The El Paso Herald is 25 cents. It reaches an average of about 100,000 readers each issue.

## PASSOVER WEEK TO BEGIN MONDAY

Will be Celebrated at Temple Mt. Sinai for 7 Days; Story of the Feast.

Passover week will begin Monday evening, April 17, and will continue until Sunday evening, April 23. Services will be held at temple Mt. Sinai Monday evening at 7 p. m., and again on Tuesday morning at 10 a. m. These will be in charge of rabbi Martin Zieleson. The services in connection with this feast will close on April 24 at 10 a. m.

**Story of Feast.**  
Of the feast of the Passover, rabbi Zieleson has the following to say: "It is the festival of emancipation in the history of civilization. Its commemoration is based on the biblical narrative which tells how the people of Israel, enslaved in Egypt were led from bondage to freedom by the great leader Moses."

"The Passover festival speaks for sanctity of the home as well as for self respect and liberty. The Jews accordingly assemble in their homes on this festival, and signalize it by a solemn service in which the story of the ancient struggle for emancipation is recounted with pious fervor. This seder, as it is called, is unique in spirit and form. It is earnest and yet happy, and its ritual, though archaic, symbolizes the facts of human experience in all conditions of life. The roasted bone reminiscent of the paschal lamb of the first Passover; the bitter herbs calling to mind the hard labor of the Israelite slaves; the unleavened bread, known as the 'bread of affliction,' symbolizing the hasty departure from Egypt; the roasted egg, recalling the individual sacrifice which was offered in the temple; the mixture of grated apple, nuts and wine, suggesting the clay from which bricks were made by the enslaved people, and the parsley and salt water, symbolic of growth and the fertilizing freshness of spring, invest the domestic ceremony with a real and forceful meaning."

**The Open Door.**  
"A beautiful and most suggestive part of the service is the open door, through which the messianic prophet Elijah enters every home that night, splendid expression of the great ideal which the prophets of Israel announced will become real some day when men will cease to hate and begin to do justice."

"It is customary to remove all leaven out of the household in preparation for the feast. Leaven the symbol of the sordid, and refers to those who are unemancipated from the commonplace things. During the feast, only matzo and not bread, are eaten. The distinctive spirit of the feast finds expression even in the specific food."

**Story of Exodus.**  
"The Haggadah, the order of the domestic service, read on the night when the family gathers about the common table, comprises the narrative of the exodus from Egypt, the account of the oppression which the ancient Israelites endured, and is not without its covert allusions to the pathetic story of Israel in more recent times in the midst of the despotic nations. The Haggadah also includes a special group of psalms (CXIII-CXVIII) and a number of medieval poems."

**Ancient Feast.**  
"The Passover is the most ancient of the Jewish holidays and perhaps the most ancient of all holidays in the history of religion, and no holiday is so near to the truth of human life as it is."

"The favorite book for reading during the Passover week is the 'Song of Songs.' It is the most classical song of love in canonized literature and is read on the festival because, according to the traditional view, it bespeaks the love between God and Israel."

**After 17 Years in Asylum, Artist Is Released, Famous At 70 for His Earlier Work**

New York, April 12.—Fame and freedom have come to Ralph Albert Blakelock, an artist, at 70 years, after 17 years in an asylum for the insane. Blakelock, who as struggling artist became broken in body and mind 17 years ago, was sent to a hospital for the insane. He was freed yesterday at the age of 70 years.

He returned here to view the painting he was forced to sell for a pittance which had since been acclaimed by experts of the country as representative of a picture as ever exhibited. Blakelock, who went away with scarcely a belonging, came back an honored member of the National Academy of Design. Accompanied by Dr. Maurice C. Ashley, medical superintendent of the asylum, he was received by a committee of artists at a gallery in Fifth avenue where many of his celebrated pictures, such as "Moonlight," owned by the Toledo (Ohio) museum of art, and "The Old Oak" were exhibited by him before an admiring throng of art lovers.

Plans have been made by a number of prominent artists. It was said, to care for Blakelock, his wife, daughter and son who was born on the night the artist was taken to an asylum.
